BM.ASFAQ

B.Sc Honours in Business Information Systems(R)

Enthusiastic and skilled in both computer science and management, I bring proficiency in programming languages and a strong grasp of data structures, algorithms, and software engineering principles. My management background complements my technical abilities, allowing me to approach challenges with a strategic and well-rounded perspective. With strong communication and teamwork skills, I'm eager to contribute high-quality, impactful solutions in a collaborative IT environment.

Career Objective

As a Computer Science graduate from the University of Sri Jayewardenepura, I am eager to secure an internship within the IT field where I can apply and expand my knowledge and skills. I am eager to apply and expand my knowledge while gaining practical experience in a dynamic, collaborative environment. My goal is to develop a well-rounded skill set that prepares me for meaningful contributions to innovative and impactful projects, supporting both my growth and the success of my team.
